

Sophia Martinez

Data Scientist | sophia.martinez@email.com | +1 321-654-0987 | San Francisco, CA

Professional Summary

Results-driven Data Scientist with over 5 years of experience in data analysis, machine learning, and predictive modeling. Skilled in Python, data visualization, and cloud-based analytics. Proven ability to translate complex datasets into actionable insights to support strategic decision-making in business and product development.

Technical Skills

- Programming: Python, R, SQL, Bash
- Machine Learning: Scikit-learn, XGBoost, TensorFlow, Keras
- Data Analysis: Pandas, NumPy, Statsmodels
- Visualization: Matplotlib, Seaborn, Plotly, Tableau
- Tools: Jupyter, Git, Docker, AWS (S3, EC2, SageMaker), Airflow

Professional Experience

Senior Data Scientist | InsightAI Labs | San Francisco, CA

Mar 2022 - Present

- Built predictive models to forecast customer churn, improving retention by 18%.
- Deployed machine learning pipelines on AWS SageMaker for scalable inference.
- Led a cross-functional team in implementing real-time recommendation systems using collaborative filtering.
- Conducted A/B testing and statistical analysis to guide product enhancements.

Data Scientist | BrightData Analytics | San Francisco, CA

Data Scientist | sophia.martinez@email.com | +1 321-654-0987 | San Francisco, CA

Jul 2019 - Feb 2022

- Developed NLP tools for automated sentiment analysis on social media data.
- Created dashboards with Tableau and Plotly for C-level stakeholder reporting.
- Designed ETL workflows in Airflow to process multi-source datasets.
- Collaborated with engineering to optimize SQL queries and data pipelines.

Education

M.S. in Data Science | University of California, Berkeley | Graduated 2019
